

SOFT FUNDING SPECIALIST

WRITE APPLICATIONS FOR RESEARCH FUNDING AND GRANTS

The Job:

We are looking for a professional with several years of experience in writing soft funding applications. Copenhagen Atomics has received soft funding of +€1 mio. in the past and we are convinced that we can attract additional €4 mio. in soft funding over the next 2 - 3 years. It will be your responsibility to write the application and help create valuable projects with current and future partners in EU.

About you:

You are good at keeping appointments and delivering on time. We have a workplace where the pace is high and errors can be expensive. If you like to be challenged in your job, then this is the right place to work for you.

We expect that you can show a proven track record of previous applications which you have written and which was granted. You are 100% fluent in english and have minimum 2 years of experience i writing soft funding applications for technology companies or universities. Preferably you also have some knowledge about the energy sector and green energy solutions.

You can apply at jobs@copenhagenatomics.com

Send your CV and just write 10 - 20 lines about yourself and about your track record with soft funding applications.

About the company:

Copenhagen Atomics currently has 30 employees and we develop nuclear power plants which will be manufactured on assembly lines in the future. The team predominantly consists of engineers and technicians and we speak both Danish and English.

Copenhagen Atomics develops green energy technology and expects rapid growth during the next 5 years.
